

I am 18 years old and listen only to Christian radio. I do like some other music, but Christian radio is what I listen to everyday. I have heard that you are thinking about a service called Low Power FM radio. I have also heard that this would mean an end to Christian radio. I pray to God that you won't let this happen. I need Christian radio to encourage me and to keep me on the right track as a teenager. Thank you for reading this.
